| Health and Safety in the Workplace Case Study: Stave Lake Quarry | Participants will identify occupational health and safety concerns at the Stave Lake Quarry leading to the untimely death of a new and inexperienced worker. Participants will make their own connections with occupational health and safety concerns in the Stave Lake Quarry death with those in their own workplaces. Participants will evaluate the role of the Criminal Code of Canada in establishing a safe and healthy workplace. | | http://www.labourheritagecentre.ca/wordpress/wp-content/uploads/2018/10/Health-and-Safety-in-the-workplace-Stave-Lake.pdf | | | Health and Safety | | Career Life Education | | 10 | |
